THE STRATEGIC LEADERSHIP MEETING COORDINATOR / COMMITTEE

Objectives of the Strategic Leadership Meeting Coordinator/Committee
The Strategic Leadership Meeting Coordinator/Committee plays *the* pivotal role in ensuring that the Strategic Leadership Meeting is successful and valuable for all participants. Without this crucial event, progress can stall or even go into a decline. With this event, the team stays focused on living and leading their best ever, thereby leading their work teams and the organization.

The purpose of the Strategic Leadership Meeting is to build on the momentum that has already been created. This is done by identifying and celebrating the individual and team successes since the Mastery Program, creating a vision for where the team wants to be in six months, and developing an action plan to move forward. This event is a great opportunity to bond and celebrate while strengthening results.

Responsibility of the Strategic Leadership Meeting Coordinator/Committee
Lead the planning and coordination of the Strategic Leadership Meeting.

Tips for the Strategic Leadership Meeting Coordinator/Committee

- Although you are the "go to" person/people for the Strategic Leadership Meeting, you do not have to do this all by yourself (nor should you). Work closely with the POIS-2 Coordinators, Win Wizards, Family Captains and Session Leader to develop the agenda and coordinate the event.
- The most successful Strategic Leadership Meeting Coordinator/Committee honor the 3 Conditions that Accelerate Change to tap into the ideas and brilliance of the team as they are planning this event.
- Join the pre-scheduled phone call with the POIS Coordinators, Win Wizards and your Verus Global facilitator to discuss ideas and begin planning.
- Refer to the ideas in the Strategic Leadership Meeting document and contact your Verus Global facilitator for additional ideas on creating a successful Strategic Leadership Meeting.
- Contact others who have coordinated the Strategic Leadership Meeting in your organization for ideas on what worked well for their team.
- Be aware that there is no one right way to run a Strategic Leadership Meeting. Each team is different, so each event is different. Although there are suggested guidelines and best practices in the Strategic Leadership Meeting document, the key is creating an event that works well for your specific team.

"The best way to predict your future is to create it."
