

A transformational experience to perpetually align collaborative teams to priorities

A Virtual Development Experience

vPathways to Leadership™ Program

Teammates that are not aligned fail their customers, organization and one another. With unmatched speed and customization, this award-winning program transforms teams, so alignment, collaboration and trust are sustained norms.

Designed for leaders who go big, the Pathways to Leadership Program elevates how work gets done because it changes lives. Participants develop collaborative leadership skills in the context of your prioritized business imperatives. As a result your team will deliver an immediate and sustainable impact to the business while demonstrating the values that matter to you most.

Outcomes:

- Improved **alignment to execute priorities**
- Strengthened **collaborative leadership skills**
- **Diminished biases with elevated diversity and inclusion**
- Greater emotional courage and **psychological safety**
- Increased **empathy and transparency**
- Stronger **enterprise mindset** to deliver on shared objectives

Most trainings require you to bend the context to your work. Verus Global delivers their tools through an experience that bends to our imperatives and fundamentally changes how we approach our work.
